Continued Health Care Benefit Program

*Protecting you
and your family*

HUMANA[®]
Military Healthcare Services

If you have lost your military health care coverage or if you will lose it soon, the Continued Health Care Benefit Program (CHCBP) is available to you and your family during your transition from the Military Health System to civilian health care.

What Is CHCBP?

CHCBP is a temporary health care program designed to protect you and your family during the loss of your military health benefits until you can obtain civilian health insurance. CHCBP is only available to former uniformed service members and their families. CHCBP acts as a “bridge” so you and your family receive continuous health coverage. Benefits under CHCBP are virtually the same as those under the TRICARE Standard option. CHCBP, however, is **not** a part of TRICARE. The CHCBP program is administered by Humana Military Healthcare Services, Inc., and participation is completely **optional**.

Who Is Eligible?

Under certain circumstances, the following TRICARE beneficiaries may be eligible to participate in CHCBP.

1. Former active duty service members released from active duty (under other than adverse conditions) and their eligible family members. *Coverage is limited to 18 months.*
2. Unremarried former spouses who were eligible for TRICARE on the day **before** the date of the final decree of divorce, dissolution, or annulment. *Coverage is limited to 36 months.*

3. Emancipated children who cease to meet the requirements to be an eligible family member and were eligible for TRICARE on the day **before** ceasing to meet those requirements. *Coverage is limited to 36 months.*
4. Certain unmarried children by adoption or legal custody. *Coverage is limited to 36 months.*

How Can I Participate?

To participate in CHCBP, you must submit an enrollment application to Humana Military. Visit www.humana-military.com or call 1-800-444-5445 to receive your CHCBP Enrollment Package. You'll receive a program booklet with more details about the program and your enrollment application. If you decide to enroll, Humana Military will notify you individually after the application has been received and provide you with a CHCBP identification card.

For more information about CHCBP and to see if you can participate, visit Humana Military online at www.humana-military.com or call 1-800-444-5445.
